

The Prix Roger Pic 2021

Photography Award

Call for submission – 29th edition

LaScam rewards each year, in memory of Roger Pic, great French photographer director and dedicated defender of copyright, the author of a portfolio documenting reality and questioning our humanity with singularity.

The jury, inspired by Roger Pic's humanistic and generous approach, behind this Award, will consider sensibility and originality of the authors. With The Prix Roger Pic, LaScam wishes to encourage photographers whose talent has not yet received appropriate recognition.

Candidacy requirements

The Award is open to professional photographers of both French and foreign nationalities. Candidates must be over 18. No membership requirements: work is accepted for review even by artists who are not members of LaScam authors' guild.

The portfolio must not have won any awards (at photography contests/festivals etc.) prior to the date of registration to the contest.

Authors may only submit one portfolio per year; it must be different every year. The jury will only consider complete portfolios, no unfinished projects will be accepted.

Accompanying texts must be written or translated in French.

Selection process:

- **Pre-selection** is based on elements submitted via the online registration service. Authors belonging to the Still Images Commission of LaScam are in charge of the pre-selection.
- **Selection** by an annually renewed jury comprising the president and members of the Still Images Commission of LaScam, renowned photographers and prominent figures from the photographic industry. The selection is based on prints (30 x 40 cm, 11,8 x 15,7 inches) sent to LaScam by the author within 15 days after receiving the results of the pre-selection. These prints must correspond to the 15 photographs (digital files) attached to the registration form online.
