

The Prix Roger Pic 2022 Photography Award Call for submission – 30th edition

LaScam rewards each year, in memory of Roger Pic, great French photographer director and dedicated defender of copyright, the author of a portfolio documenting reality and questioning our humanity with singularity. The jury, inspired by Roger Pic's humanistic and generous approach, behind this Award, will consider sensibility and originality of the authors. With The Prix Roger Pic, LaScam wishes to encourage photographers whose talent has not yet received appropriate recognition.

Candidacy requirements

The Award is open to professional photographers of both French and foreign nationalities. Candidates must be over 18. No membership requirements: work is accepted for review even by artists who are not members of LaScam authors' guild.
